REMARKS

Claims 10-19 remain in this application.

Applicants thank the Examiner for the detailed study
of the application and prior art. Applicants note that the
Examiner has initially rejected all claims as anticipated
under 35 USC §102(e) by commonly assigned U.S. Patent No.
6,188,915 to Martin et al.

Applicants present a Declaration Under 37 CFR §1.131
with associated exhibits that conclusively shows that the
inventors had conceived in the United States while working at
